To je jedinstveno mesto koje nam pruza utociste svaki put kada se nasa duhovna ravnoteza poremeti.

All too often, Western education forgets that Byzantium and its cultural carriers (the Orthodox Slavs) forged much of both modern and medieval history. Jedini čuvar vizantijske kulture i umetnosti koja je čvrsto ugradjena u temelje evropske civilizacije, i pored nebrojnih iskušenja, bila je i ostala pravoslavna vera, i u njoj srpska Pravoslavna crkva.

da sluzimo i svom rodu. Posteno da zivimo,vredno da radimo i mir da gradimo ljubavlju,verom i nadom,Svete Trojice darom,da cistim srcem stanemo pred Bozijim Oltarom.Cojstvo i junastvo, primerom da damo:svoje da cuvamo,tudje ne diramo;Srbija ce Vaseljenom opet zasijati,Bog ce nama Srbima bogatstvo da vrati.Slava Ocu i Sinu i Svetome Duhu.Amin

Comments: So wonderful to see the Hilandar Room and the whole project continuing and thriving. Fr. Matejic was an important teacher, mentor, spiritual father of mine when a graduate student in the OSU Slavic Dept. The fruits of this labor are clearly gifts from faith and from God.

Comments: Nemam reci sa kojima bih izrazio svoju zahvalnost onima koji su zaslužni da je svima nama sada dostupno da vidimo manastir Hilandar, i da donekle vidimo, i duhovno i maaterijalno blago, sto se u njemu nalaze. Mozda ce sadanje generacije Srba videti ko su i sta su bili njihovi predci, i osetiti koliko su oni danas od toga udaljeni i promenjeni, nazalost, na gore!

Comments: We would like to receive your newsletter. Let us know how to sign up for it. I am trying to find out information concerning St. Jovan Bigorski, not necessarily about the monastery in Gostivar/Debar, but a short summary of his life. Somehow, I have ended up totally out of my league. How I wish I knew these languages! Maybe someone up there will take pity about this Orthodox nun and help me out. Ha! May God bless all of you in your endeavors.

Comments: What a wonderful and truly unique collection Hilandar Library has become! Even though I work with this, the greater OSU library system, myself, and have been a part of the larger family of libraries at the Ohio State University Libraries, I have had the privilege of seeing this particular collection grow over the past 20 years, and I feel lucky to know of the existence of such a unique and rich treasure within the OSU Libraries. Each and every time I step into the reading room here, it never ceases to amaze me, to have such a wealth of materials, here, in Ohio! It is an incredible collection.

Comments: Ljubljana Hilandar! ... and all my best wishes to the founders, donors, and staff, as well as to the wisely generous Hilandar Monastery startsi, for establishing HRL and making it a superb repository of pre-modern Slavia Orthodoxa and a most wonderful place for research. - dg -
